The Office of the Vice President for Research (OVPR) has created the *Faculty Competition for Postdoctoral Fellows* to enhance the productivity of WSU faculty by augmenting their capacity to attract and support postdoctoral fellows. This initiative will provide matching funds of up to \$30,000 per year for a maximum of \$60,000 for two years to support the requested postdoctoral position. These postdoctoral positions will be awarded directly to faculty on a university-wide competitive basis for support of their research/scholarship and training endeavors. ***It is required that sufficient matching funds be committed at the time of application.*** Matching funds may come from sources such as applicant's department or college, grant support, or start-up funds.

Eligibility to receive a postdoctoral position is limited to full-time WSU faculty members with active research interests and responsibilities. **Postdoctoral candidate must be a U.S. citizen or permanent resident and must be a new hire.**
