

Waste Disposal Instructions

Please note: If your waste contains hazardous chemicals (e.g. flammable, corrosive, reactive, poison), even in a dilute solution, you must notify OEHS and complete a Hazardous Waste Tag.

- C** Fill out tags completely, using ball point pen or marker.
- C** Keep Waste containers sealed at all times when not adding waste.
- C** Store bottles in secondary containers; Plastic tubs, trays, or on spill pads.
- C** Dispose of all SHARPS in proper containers provided by OEHS.

For more information, contact the Office of Environmental Health and Safety at 577-1200.
