How to Mentor Graduate Students

Professional and Academic Development (PAD) Seminar Series
Friday, November 18, 2011 - 1:00 p.m. to 2:30 p.m.
Welcome Center Auditorium

Discussion Topics:

• What do graduate students want from their mentors?
• What do mentors want from their graduate students?
• How does the mentor help with professionalism and acculturation?
• What is the importance of having a plan of work as well as a plan for funding?
• What if the mentor and graduate student don't get along?
• What happens after the funding ends?
• What is the role of the mentor and the university when dealing with academic misconduct?

Moderator:
Jason Mateika, Professor, Physiology
jmateika@med.wayne.edu
