Career Pathways for Graduate Students and Post-Docs

Professional and Academic Development (PAD) Seminar Series
April 13, 2012, 1 to 2:30 p.m.
Welcome Center Auditorium
Wayne State University

Discussion Topics:
- How can I develop contacts and network to learn about and evaluate career opportunities?
- How can I best present myself to potential employers?
- What are business realities for scientists working in companies? How can I successfully transition from scientist to businessperson?
- What are potential opportunities to teach at community colleges? How can I prepare to be a full time or adjunct faculty member?
- For faculty, how can I be a helpful mentor for students as they explore career paths?

Moderator:
Ratna Naik, Ph.D., Chair of Physics and Astronomy
Wayne State University
ad5847@wayne.edu
