The Common Good: The Humanities in the Public Square

NEH invites projects related to its new initiative, The Common Good: The Humanities in the Public Square. This initiative seeks to connect the study of the humanities to the current conditions of national life. Many of today's challenges require more than ever the forms of understanding and knowledge represented by the humanities. They require the broadest possible engagement of scholars and the public with the resources of the humanities, including but not limited to the study of language, literature, history, philosophy, comparative religion, and ethics. The study of the humanities can help illuminate the complexity of many contemporary challenges while enriching our understanding of the common good.

Note that the Common Good initiative incorporates the [Standing Together](#) initiative, which encourages projects related to war and military service. More information about the Common Good initiative is available [here](#). All applications will be given equal consideration in accordance with the program's evaluation criteria, whether or not they respond to the Common Good initiative or the Standing Together initiative.

Summer Stipends support continuous full-time work on a humanities project for a period of two months. Successful applicants receive a stipend of \$6,000. Contact NEH's Division of Research Programs at 202-606-8200 or stipends@neh.gov. Hearing-impaired applicants can contact NEH via TDD at 1-866-372-2930.
