

State of Michigan – Annual Controlled Substance Inventory
Inventory must be performed between April 1 and June 30 of each year.

A separate inventory is required for each licensed location that stores a controlled substance.

Enter current information corresponding to one of the following combinations used to order and store controlled substances for laboratory research purposes:

1. State of Michigan controlled substance license and DEA practitioner registration **or**
2. State of Michigan controlled substance research license and DEA research registration

The address printed on both the State of Michigan controlled substance license and DEA registration must correspond to the laboratory address where controlled substances are stored.

- List partial vials on separate lines.
- Include all controlled substances awaiting disposal on separate form.
- Retain a signed and completed copy of this form at the licensed location.

Date:
